

THE BIG DRAW

Transforming Places Student Design Competition for 11-18 year olds

Win yourself £50 worth of art supplies. Winners and runners up will get to meet world famous architect Will Alsop and see their work displayed on the Shape East website.

Choose a place that you know and really like or really don't like. On the same piece of paper, show it as it is now and how you would like it to be. Maybe you want it look more beautiful, feel safer, provide some really challenging space like a climbing wall, BMX park or quiet area away from those things.

To explain properly you might find that you need more than one type of drawing. Use the examples from our web as a prompt and add notes to your drawings to tell us why you picked this place and why you want to change it.

Ask your teacher for more information or download details and entry forms from www.shape-east.org.uk

Closing date 31 October 2008
